## TV and Reality

TV often shows things that are impossible in real life. Heroes and villains fly through the air on TV. No one can fly in reality. Cartoon characters fall from high cliffs, then get up, and walk on TV. In reality anyone who falls that far would be seriously hurt. The fall might even kill them.

Some of the things we see on TV might hurt or kill us, if we tried to do them. Remember something that you saw on TV recently that would be impossible in real life. Color a picture of what you saw on TV. Then color a picture about what would happen in real life.

Draw a picture of something you saw on TV that is impossible.

Draw a picture of what would have happened in real life.

--	--

Talk with your parents about the dangers of imitating events that you see on TV.
